EDUCATION

Union College of Union County NJ

Computer Science, Associate in Science (A.S.)

Union, NJ

Sep. 2025 – May 2027

EXPERIENCE

ALC Peer Tutor

Union College of Union County

Sep. 2026 – Present

Union, NJ

- Broke down complex programming concepts (Java, C++, Python) into simple, easy-to-understand explanations for students
- Provided one-on-one academic support in a busy public tutoring center, adapting to different learning styles
- Guided students through debugging and logic problems while maintaining a patient, professional, and supportive environment

New Jersey Pathway UCNJ AgriBusiness Intern - Computer Science

Union College of Union County

May 2026 – Aug. 2026

Union, NJ

- Programmed and deployed ESP-32 sensors to collect and send greenhouse microclimate metrics (temperature, humidity, water level) via MQTT
- Built a real-time web dashboard using Grafana and Node-RED to monitor live telemetry streams
- Maintained crop yields and supported community distribution of yields

Undergraduate Research - Computer Science

Union College of Union County

Feb. 2026 – May 2026

Union, NJ

- Benchmarked Lovable, a commercial AI website builder, with a hand-coded website to test claims of single-prompt generation
- Investigated generated site outputs for maintainability, functionality, and code efficiency to evaluate tool viability
- Organized campus-wide user testing to gather feedback on AI-powered website builders

PROJECTS

Website Portfolio/Online Resume | *HTML, CSS, JavaScript, Git, GitHub, GitHub Pages* Sep. 2026 – Present

- Designed and developed an accessible portfolio website using standard web technologies such as HTML, CSS, and JavaScript
- Automated deployment workflows via GitHub and GitHub Pages
- Implemented custom responsive styling and a dark/light mode toggle

SKILLS

Programming Languages: Java, Python, C++, JavaScript, HTML/CSS

Developer Tools: Git, VS Code, Visual Studio, IntelliJ, GitHub, GitHub Pages, Arduino IDE, Node-RED, Grafana
